New products from Montana Colors. August 2011

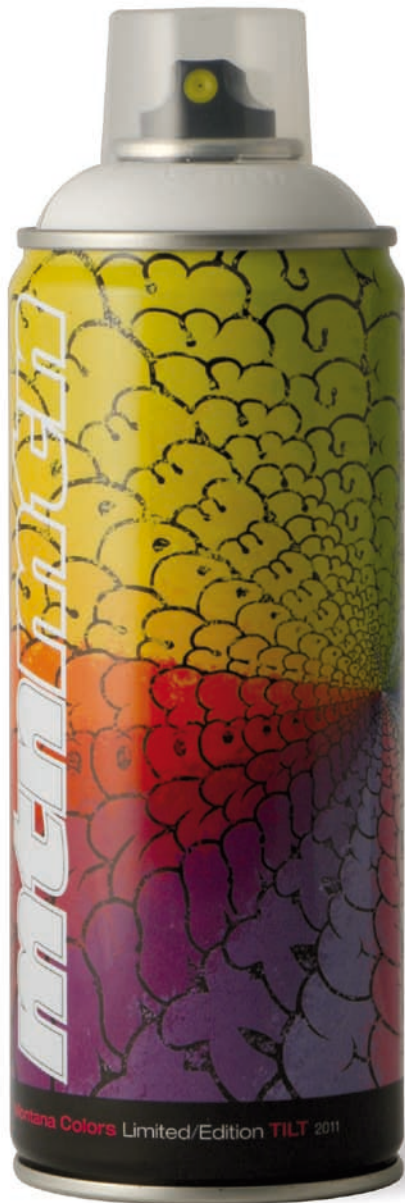

Limited/Edition

EX1034053

The graffiti writer and artist from Toulouse has blessed us over the years with his unmistakable throw ups. He made them recognizable on the international level. His letter design and color use continue to set his work apart from the rest, which you can see on his Montana Colors limited edition. Having a little fun with it, Tilt doesn't ever stop playing around. To infinity and beyond!
