

GRUG[®]

Squeezer 05 / Year 2009

Introduction.

After the big success of **Squeezer 10** and **Squeezer 25**, **Grog** launches today the smaller brother, expanding the **Squeezer** family.

Squeezer 05 carries a 5 mm tip, which allows to write almost on any surface, maintaining the fa-

mous drippy flow that everybody knows.

Squeezer 05 is filled with 45 ml. of **Grog Buff Proof Ink**.

Squeezer 05 is now available in 5 **Buff Proof Ink** colours. New colours coming soon. Stay tuned!

Colorchart & Accessories.

Due to his small neck diameter, **Squeezer 05** is quite difficult to be refilled.

Refiller is a tool which allows to fill up **Squeezer 05** with no stress and no mess.

That's why **Grog** launches the **Refiller**.

Grog Refiller is sold separately.
